Dear Tom,

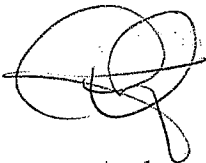

Just a brief note to tell you how happy Eileen and I are with our beautiful home one year later!

It takes a few months to settle into a new home and as we have decorated the various rooms I have been continually impressed with the quality of the workmanship. As you know I have built many homes in the past but this experience has been the most rewarding. The one or two minor "touchups" have been very professionally handled and the follow up has been wonderful.

We continually have people stop in front of the house and compliment the look and design of the home. We could not be happier with the final result!

Once again thanks for all your help and patience in helping us build our dream home.

Please give my best to the whole team at Joyal
Sincerely,

Anthony J Furino
