

Casa Bella

STANDARD FEATURES AND ALLOWANCES

ENERGY EFFICIENCY

- All homes are designed to exceed minimum Florida energy efficiency requirements
- **TRANE** high-efficiency central air conditioning and gas heat – 13.0 S.E.E.R (2 systems, per plan)
- Mastic-sealed and independently pressure tested R-6 insulated ductwork. Leaky ductwork is a serious defect that can greatly increase energy costs.
- Digital programmable thermostat
- A/C vents in all walk-in closets
- Remote return air grills in all bedrooms, plus 2 additional locations for quiet operation and efficiency
- 18" secure vented waterproof troweled overhangs on fiberglass board with "decorative cementitious coating:**(DCC)**" versus aluminum or vinyl
- Energy-efficient off-the-ridge roof vents
- R-30 blown-in ceiling insulation over living areas
- Energy saving radiant barrier under all roof areas
- R-4.1 wall insulation with vapor shield on all living area first floor exterior CBS walls
- R-11 wall insulation in all second floor exterior wood frame walls

INTERIOR WALL & CEILINGS

- First floor – 12' flat ceilings: Entry, Foyer, Living room, and Dining room. 10' Flat ceilings in remaining living areas and covered porch.
- Second floor – 9' flat ceilings
- Tray ceilings in 3 locations of the buyer's choice
- Classical knock-down ceiling texture finish
- Extended headers for secure mounting of drapery hardware
- Rounded drywall corners, interior niches and arches
- Fully finished Garage interior walls and ceilings
- Entry and all Porch ceilings waterproof troweled on fiberglass board with "decorative cementitious coating (**DCC**)" versus drywall

ELECTRICAL

- Minimum 200 amp service with circuit breaker panel
- (6) RG-6 cable jacks, (6) CAT-5 phone jacks
- (8) ceiling fan rough-ins (homebuyer's fan installation labor included)
- Elegant \$3,500 light fixture allowance
- Bathroom exhaust fans vented outside the home
- **Decora** style switches
- Prewired for pool light and equipment
- Fully installed security system with siren and motion detector

- Brick pavers: 16' driveway, front walkway and front entry
- Automatic garage door openers with 2 transmitters each

PLUS...

- Ten-year Bonded Builders Homebuyers Protection Warranty. Bonded Builders is responsible to you, the homeowner, for total liability of all major structural defects. This, in addition to Joyal Construction's warranty and recognized unparalleled customer service for 3 generations.
- Custom designed Architectural drawings (both preliminary & working) will be provided at **no additional expense** to the homebuyer (These are not the "boxy" styled floorplans that have become common place)
- Sealed engineering drawings (for the structure & roof trusses) will be provided at **no additional charge** to the homebuyer
- Brevard County new home impact fees provided by **Joyal Construction**
- All necessary permits provided by **Joyal Construction**
- Water and sewer hook up fees provided by **Joyal Construction**
- All surveys including the final survey will be provided by **Joyal Construction**
- Closing costs and construction interest provided by the homebuyer
- Savings from **Joyal Construction's** purchasing power with local vendors passed along to the homebuyer
- Unlimited choice of colors and selections from local vendors versus a builder's limited showroom
- 10 hours of consulting with Joyal Construction's professional decorator
